What We Do

Hilton Central School District Mission

The Hilton Central School District is committed to educating each student for success academically, physically, emotionally, and socially. We develop self-directed, life-long learners who think critically and creatively and function as caring, responsible, productive citizens. We accomplish this by attracting and inspiring high quality educators, administrators and staff, and involving parents, volunteers and community members.

What We Believe In

Hilton Central School District Beliefs

We believe learning requires active, productive and meaningful student and educator engagement; that individuals learn best through their strengths in a variety of ways and in different learning environments; that individuals learn best when empowerment, freedom, fun and a sense of belonging are an integral part of the learning environments; in valuing diversity and treating one another with honesty, dignity and respect; that parents, students, teachers and community share the responsibility for student achievement.
